

TEDD ENERGY

Hourly vs TEDD

Hourly Pay

\$4 per hour rate with no commissions with an obligation to maintain KPI's otherwise the last day will be sooner than later.

TEDD Pay

Gives you liberty to work for yourself with a lucrative **commission structure** and long-term success rather a base pay to put you under-pressure.

WE are the LATTER Ones so, CHOOSE WISELY!

How to make real money with this network model

Lets take \$1000 as an example,

You need to make \$1000 real-quick within this month, a quick math would do.

\$1000 = Target, \$66 (Commission per appointment) 15 = Total Working days, 5 = Working days per week

$$\textbf{\$1000 / 66 = 15 / 4 = 4 / 5 = 1}$$

Meaning 1 appointment per day will going to make you over \$1000 a month.

Similarly,

If you need to make \$2,000 real-quick within this month.

\$2000 = Target, \$45 = Commission per appointment, 20 = Total Working days, 5 = Working days per week

$$\textbf{\$2000 / 66 = 30 / 4 = 8 / 5 = 2}$$

Meaning 2 appointments per day will going to make you over \$2000 a month.

Commission Over-ride structure

If you are able to brought in 6 people under you, you will have a chance to earn commission for the appointment each of them makes, this is called commission over-ride.

First Generation Structure & Commission:

Example,

1 Agent makes 1 appointment/day

6 Agents = 6 Appointments/day

6 Appointments \times 5 days = 30
Appointments

Commission per Appointment = \$45

Total Commission = \$45 \times 30
Appointments = \$1,350/week

\$1,350 \times 4 weeks = \$5,400/month

Now lets suppose,

1 Agent makes 2 appointment/day

6 Agents = 12 Appointments/day

12 Appointments \times 5 days = 60
Appointments

Commission per Appointment = \$45

Total Commission = \$45 \times 60
Appointments = \$2,700/week

\$2,700 \times 4 weeks = \$10,400/month

Commission Over-ride structure

Second Generation Description, Structure & Commission

Second Generation are the agents that your direct referrals brought in to work. If each agent brings people to form a network, you will be able to make even more money.

Lets suppose there are 6 people under you, and each of the six people have 5 people working in the company and each making commissions, that's a total of 30 people working under you in the second generation and you get commission on all of them.

1 Agent makes 1 appointment/day

Commission will be \$15 per appointment

$30 \text{ agents} \times 1 \text{ Appointment} \times \$15 = \$450/\text{day}$

$\$450 \times 5 \text{ days} = \$2,250/\text{week}$

$\$2,250 \times 4 \text{ weeks} = \$9,000/\text{month}$

When we add your appointments (\$1,000) plus your 1st and 2nd Generations based on the previous examples, you have the potential to earn \$ 20, 400 .

$\$1,000 \text{ (your appointments)} + \$10,400 \text{ (1}^{\text{st}} \text{ Generation)} + \$9,000 \text{ (2}^{\text{nd}} \text{ Generation)} = \$20,400$

Plus Bonuses from sales on your whole network will be anywhere from \$6,000 to \$12,000 a month based on these examples and depending on the number of closed sales.

Based on this example you can make \$ 26,000 to \$ 32,000 a month by making 1-2 appointments a day and bringing a group of 6 people who can do the same as you.

**FOR THOSE WHO LEARN THE
BUSINESS, WE WILL HELP YOU
ESTABLISH YOUR OWN AGENCY**

TEDD ENERGY 2nd Phase

Commission Over-ride structure CLOSERS

If you recruit 6 closers under you, you will earn a commission for every sale each of them makes, this is called commission over-ride.

First Generation Structure & OVERRIDES:

Example,

1 CLOSER makes 1 sale a day

6 CLOSERS = 6 sales a day

6 SALES \times 5 days = 30 SALES a week

OVERRIDE per SALE = \$100

Total OVERRIDES = \$100 \times 30 SALES =
\$3000/week

\$3000 \times 4 weeks = \$12,000/month

Now lets suppose,

1 CLOSER makes 2 sales/day

6 CLOSERS = 12 sales/day

12 sales \times 5 days = 60 sales a week

OVERRIDE per SALE = \$100

Total OVERRIDES = \$100 \times 60 SALES = \$
6,000/week

\$6000 \times 4 weeks = \$24,000/month

Commission Over-ride structure

Second Generation Description, Structure & Commission

Second Generation are the CLOSERS that your direct referrals brought in to work. If each CLOSER brings people to form a network, you will be able to make even more money.

Lets suppose there are 6 people under you, and each of the six people have 5 CLOSERS working in the company and each making commissions, that's a total of 30 people working under you in the second generation and you get OVER-RIDES on all of them.

1 CLOSER makes 1 SALE/day

OVER-RIDE will be \$30 per SALE

$30 \text{ CLOSERS} \times 1 \text{ SALE} \times \$30 = \$900/\text{day}$

$\$900 \times 5 \text{ days} = \$4500/\text{week}$

$\$4500 \times 4 \text{ weeks} = \$18,000/\text{month}$

If we add your 1st and 2nd CLOSERS Generations based on the previous examples, you have the potential to earn \$42, 000 per month

\$24,000 (1st Generation) + \$18,000 (2nd Generation)= \$ 42,000 monthly

Now lets add the appointment over-rides :

\$ 42,000 + \$ 20,400 (Appointment over-rides) = \$62,400 monthly
